**SYDNEY, AUSTRALIA: 11th February 2009.**

Independent Investment Bank **Lincoln Crowne & Company** today announced that it had signed to the United Nations Global Compact, committing the Firm to the *Global Compact's* ten guiding principles.

The United Nations Global Compact is a strategic policy initiative for businesses that are committed to aligning their operations and strategies with ten universally accepted principles in the areas of human rights, labour, environment and anti-corruption. By doing so, business, as a primary agent driving globalization, can help ensure that markets, commerce, technology and finance advance in ways that benefit economies and societies everywhere.

Commenting on this initiative, **Lincoln Crowne & Company's** Executive Chairman Nicholas Assef commented : “**LCC** is now working across many emerging Asian nations, where fundamental issues such as child labour and the poor treatment of the environment continue to require addressing.”

“By committing to the principles of the United Nations Global Compact, **Lincoln Crowne & Company** sends a positive message that the work that this Firm does must abide by these globally acceptable business and social principles” Assef concluded.
